## **'Diaz Report' copies available**

Copies of the "Diaz Report" are available for Marshall team members by requesting reproduction through the Service Request Catalog. See "Inside Marshall" for ordering details. The report, which cites ways that the findings of the Columbia Accident Investigation Board can be applied to other Agency projects and programs, also can be viewed online at <http://www.nasa.gov/home/index.html>, but should not be printed from the Web site or reproduced on self-service copiers because this method is not cost effective.
